

ELECTRONIC PRUNERS & TYING MACHINE

TIGERCUT 25

Equipment:

- Tool kit
- 2 Batteries
- Double output battery charger
- Sharpening stone blades
- ACTIVE Sheath
- Case

Technical data:

Voltage: 16,8V
Battery capacity: 2Ah
Maximum cutting width: 25mm
Cutting width(intermediate opening): 15mm
Progressive cut: Yes
Maximum power: 500W
Weight: 940g with battery
Charging time: 1 - 1.5h
Battery life: 3-4h /Battery*
Display LCD included
Brushless motor

Code: 600825

TIGERCUT 32

Equipment:

- Tool kit
- 2 Batteries
- Triple output battery charger
- Sharpening stone blades
- ACTIVE Sheath
- Case

Technical data:

Voltage: 16,8V
Battery capacity: 2,5Ah
Maximum cutting width: 32mm
Cutting width(intermediate opening): 15mm
Progressive cut: Yes
Maximum power: 500W
Weight: 950g with battery
Charging time: 1 - 1.5h
Battery life: 3-4h /Battery*
Display LCD included
Brushless motor

Code: 600832

TIGERCUT 35

Technical data:

Voltage: 21V

Battery capacity: 2,5Ah

Maximum cutting width: 35mm

Cutting width(intermediate opening): 20mm

Progressive cut: Yes

Maximum power: 680W

Weight: 1240g with battery

Charging time: 2- 2.5h

Battery life: 4-6h /Battery*

Display LCD included

Brushless motor

Equipment:

- Tool kit
- 2 Batteries
- Triple output battery charger
- Sharpening stone blades
- ACTIVE Sheath
- Case

Code: 600835

TIGERCUT 35 EXTENCION

Rod length(mm): 1550/2200

Code: 025968

TIGERCUT 25/32 EXTENCION

WIRELESS CONNECTED HANDLE

Rod length(mm): 1550/2200

Code: 025967

TIGERCUT 40

The mechanical part of the blade drive is oversized, so as to ensure a long life under difficult cutting conditions.

Even the most troublesome shrub can be pruned effortlessly thanks to wide opening steel blades (up to 40mm). The battery and its clip let you work in comfort for hours. The ergonomic handle and the progressive cut will make cutting operations easy, fast and smooth.

Lithium battery
15 x 12,5 x 5,5 cm

Technical data:

Voltage: 43,2V

Battery capacity: 2,5Ah* / 4Ah**

Maximum cutting width: 40mm

Cutting width (intermediate opening): 25mm

Progressive cut: Yes

Maximum power: 1200W

Weight: 860g battery excluded

Charging time: 2 - 2.5h

Battery life: 5-7h* / 7-9h**

Display LCD included

Brushless motor

Equipment:

- Tool kit
- Battery
- Battery charger
- Pruner-battery connection cable
- Battery backpack strap
- Sharpening stone blades
- ACTIVE Sheath
- Case

*Code: 600840

**Code: 600844

Spray lubricant, multigrease (Suitable for all pruners)

A high-quality, wear-resistant product with Red straw: Handily stored in the multi.grease cap. Suitable for waste-free spraying the product exactly where you need it. Grey nozzle: included in the pack. It lets you easily spray the grease in the ball-type grease nipples.

WRAP-X

The tying revolution has arrived.

We have also designed the new *ACTIVE* Wrap-X tying machine thanks to you. The new brushless motor allows the Wrap-X tying machine to obtain incredible performance without any kind of vibration, friction or loss of power. The revolutionary new display will show you essential information. The number of ties made, the current charge level and much more, all at your fingertips. The two batteries included in the pack have been specially redesigned to optimise the supply of energy within the digital control board.

WRAP - X

Technical data:

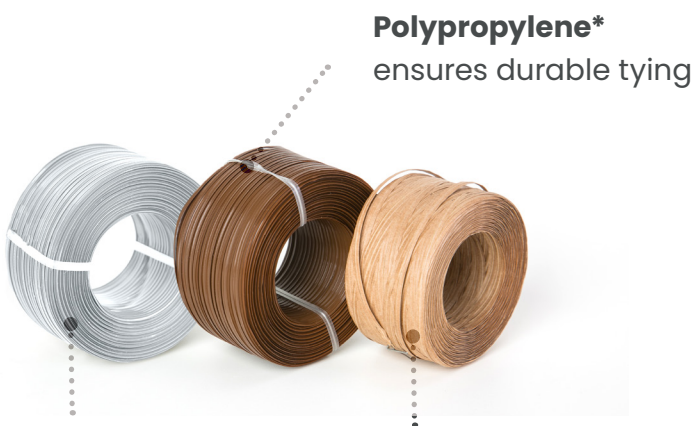

- Voltage: 16,8V
- Battery capacity: 2Ah
- Maximum tying width: 25mm
- Tying mode: 4
- Maximum power: 50W
- Weight: 1180g con batteria
- Charging time: 1 - 1.5h
- Battery life: 6-8h*
- Display LCD included
- Brushless motor

Equipment:

- Tool kit
- 2 Batteries
- Double output battery charger
- 2 reels of BIO polymer wire
- Case

Code: 600820

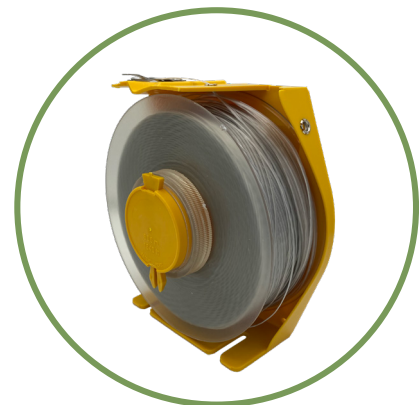

Polypropylene*
ensures durable tying

BIO Polymer*
degradability
9/10 months

Paper* excellent for
organic cultivation,
biodegrades in 6/8
months

500m spool dispenser:

Code: 25634

*Available in 90m and 500m format

*Battery life is indicative and related to the workload

Who chooses ACTIVE is different!

Who chooses ACTIVE is different, because it knows the quality not only for the performances of our machines but also for the materials used, the motors and the sturdiness

Every Active product is characterized by a constant control of every working phase, from the project to the realization.

Those who choose ACTIVE are different because they have a great passion. Like us!
